Mr. King,

It was really a great pleasure to have you speak at our Cardiovascular Symposium. We can all get a bit serious and tunnel-visioned in terms of our professions and you gave us a very nice perspective from the view of the patient. **Your performance really lightened the atmosphere of the conference; there were several cardiologist at my table that were bent over double laughing!** I still smile every time I hear the words "groin area." It was especially nice to hear that you made so many personal connections during your hospitalization and had such a caring experience. No doubt that mostly was in response to your warm personality but it is always nice to hear that our endeavours are appreciated. Thank you so much for being part of our day and I hope our paths cross again in the future.

Take care,
--Sudeshna

Hi Sudeshna:

Please see the note attached from Frank King. Would you be interested in sending him a short note – which he will use in his promotional materials?

Andrea and Kate,

I had a ball at the Vascular Symposium, and it sounded like the attendees did as well. The article should run in the Register Guard, Springfield Extra section, on Thursday October 11th.

If it's not an imposition, I'd love to have a short note, or email, of recommendation from Dr. Banerjee. She came up to me after the show and said how much she thought everyone enjoyed and related to my material (she was also asked a few questions by the reporter from the Register Guard...I'm betting she'll be quoted in my story). Should I contact her directly?

I attached my new one sheet (I mention the incredible crew at OHVI).

Thanks for the booking!
