What a pleasure it was for First Resource Federal Credit Union to feature Tim Sanders at our business leader's seminar! Tim was so easy to work with, responding promptly to every question and request. Weeks prior to the seminar, he took time from his busy schedule to discuss the objectives for our event, and he even customized his presentation to help us meet our goals. After the seminar was over, Tim followed-up on everything that was promised to us. Without exception, our seminar participants expressed their appreciation for Tim's message and entertaining delivery! Tim truly personifies the *Likeability Factor!*

Working with Business Speakers Bureau was also a good experience for us. David Pace was responsive to our requests and kept us informed all along the process. We will definitely work with the company again for future events!

Sincerely,

Donna Rohrer
Vice President of Marketing
