Dear Tim:

Thank you for your support of the 2005 ISPA Conference & Expo. During this year's Conference, nearly 2600 spa professionals instantly gravitated toward one another to celebrate the industry they love. The deep passion that was displayed at Conference is the bond that strengthens the ISPA family, and we are thankful that you joined our tight knit community.

Historically, the ISPA Conferences held in Las Vegas have had the largest attendance; therefore, it is a testament to the growth of the industry that we had such a wonderful turnout in Dallas. We have already started collecting feedback from our members who can not stop raving about your presentation.

With the success of this year's Conference just behind us, we are confident it will be remembered as one of the best. Without your message, it simply could not have happened.

On behalf of the ISPA Board of Directors we thank you for your contribution in making ISPA's 15<sup>th</sup> anniversary a truly memorable one.

Sincerely,

Kate Mearns  
ISPA Chairman
