

The Healthy Humorist®

Brad Nieder, M.D.

Keynote Speaker • Licensed Physician • Comedian

A/V and Technical Requirements for Brad Nieder

- Stage/Room Configuration—Please place Brad as close as possible to the first row of seats/tables (i.e. no dance floor in between the stage and the audience). In rectangular rooms, Brad should be positioned on one of the long walls. If a stage/riser is used, please ensure it is at least ten feet wide. Brad will need a flat-top bar stool (or a podium or small table) on which to place a glass of water and some other items.
- Sound—Please provide a professional sound system appropriate for the room and size of the audience. Brad prefers a handheld wireless microphone (although a handheld microphone with 25 feet of extra cord is acceptable, as is a lavalier microphone). Extra batteries and/or a backup microphone should be available.
- Lighting—Please provide excellent lighting for the entire stage area.
- Timing—Brad's program should precede any speeches, award presentations, etc. If scheduled during a meal, Brad should not begin before dessert is served. The wait staff should refrain from clearing tables and serving guests during Brad's program.
- Recording—Audio and video recorders may be used during the presentation only with prior permission of Brad.
