Dear Brad,

Thank you for giving us a great performance during our Annual Holiday Luncheon. It was truly appreciated that you took the time to research the specifics of our organization and incorporate them into your routine. You had everyone laughing out loud...your prescription for laughter was just the right amount and your anecdotes were spot-on. Your Dr. Seuss skit reminded us all that we must slow down and take notice of the little things. It was great to work with you. Thank you again for a memorable event and a great time.

Sincerely,

A handwritten signature in blue ink that reads "Pam".
