Dr. Brad Nieder  
The Healthy Humorist  
206 Madison St  
Denver, CO 80206

Dear Brad,

On behalf of the Boulder County Wellness Program, I wanted to thank you for your presentation – *"Laughter is the Best Medicine."* Employees had nothing but wonderful things to say about your performance and appreciated the break from work. Your presentation was a great addition to our Wellness Program events and activities at Boulder County.

In addition to Boulder County's Wellness Program, Healthbreak manages a number of employer wellness programs in the Denver area. After attending your presentation, we are pleased to say that we would definitely recommend your services to other clients. Below is a testimonial from Boulder County's lead wellness champion:

*"Dr. Nieder's presentation came just at the right time of year for us. The holidays are filled with joys and stresses and laughter brings everything into perspective. His creative and quirky humor just tickles those funny bones. What a wonderful holiday gift for our employees."*

*– Susan Mann, Boulder County HR Employee Development Specialist*
