

GEISINGER HEALTH SYSTEM

To Whom It May Concern:

Brad Nieder, MD, also known as the Healthy Humorist was a huge hit at our event at Geisinger. He not only entertained the crowd with his humor and wit, he also participated in our health fair and mingled with our guests. Not only was Dr. Brad easy to work with, but also worked with us prior to the event to cater to our needs. In that respect Dr. Brad exceeded our expectations and helped make our event a huge success. I would recommend Dr. Brad and am also considering bringing him back to the east coast for another event.

Sincerely,
