

ROBERT VAN ARLEN

Client Testimonials

University of Phoenix **STADIUM**

"The challenge each year becomes doing something new that engages our staff in a meaningful way. Your ability to apply motivational principles to our specific work environment kept the team interested and reinforced the values we look to convey to all of our employees. I would recommend Robert Van Arlen to anyone who is seeking an enjoyable way to connect with their employees and better the teamwork at their organization."

Peter C. Sullivan, General Manger

"Robert Van Arlen spent as much time as necessary to learn about our business. We were able to easily schedule multiple conference calls which increased our confidence in his abilities. His pre-engagement processes resulted in one of the best management and sales development programs we have held."

Eric Webb, Vice President of Business Development
The Marquette Group & U.S. Motivation

"Robert Van Arlen opened our meeting with a dynamic performance with a dance troupe, a customized theme song about our organization, delivered a 90-minute powerful keynote speech, facilitated our executives in their presentations in an engaging manner, and closed our day by facilitating a town-hall meeting. That's engagement!"

Jack Phillips, VP/ General Manager Advanced Workflow
Ventana Medical Systems, Inc.
