Topic: **“One Hand Clapping, Kate’s Journey,
Paralyzed but not Powerless”**

Kate Adamson presented her inspirational story to our Fargo Town Hall lecture series on April 6, 2010. We couldn't have been more pleased by Kate's presentation. She was a delightful, courageous, inspiring, and motivating speaker. Our 1100 patrons were mesmerized throughout her speech, she had us laughing, crying and cheering her on during her performance. Kate truly would be counted as one of the best speakers we have ever had in the 39 seasons of our Fargo Town Hall lecture series. She captivated us with her spirit and genuine courage. Kate's message of perseverance, never giving up hope, and her hard work during her slow recovery, was awe-inspiring. Kate is living proof of a "miracle" and we were definitely honored to have her as our guest. We would highly recommend her as a speaker, A plus!

Linda Lamb, Town Hall president 2009-2010
