"You were awesome! Glenn, you are a meeting planner's dream! You deliver and we look good! Two ladies emailed me to say they are still trying to figure out how you could vacuum the 2 of clubs out of the air, or perform the \$100 bill trick. It goes to show you had a captive audience."

*Patricia Gisinger, Manager
North Dakota Telephone Association*

"WOW! That about says it all! What a great performance Glenn Strange gave our Annual Summer Conference attendees. We were fortunate to have Glenn's performance at our opening dinner program. Glenn's professionalism and enthusiasm was felt throughout the rest of the weekend as attendees recounted many of his quips & tricks."

*Dianne McPherson, CMP
Printing Industry Association of Georgia, Inc.*

"One of my favorite acts from the Cabaret show was Glenn Strange. I know that he must have a mind like a small computer. His ad libs were quick, funny and fit perfectly. His manner on stage was unique to say the least. I have not before witnessed someone with his command of the stage and instant appreciation from the audience."

"Glenn was wonderful. He put on the best show. Audience participation was exceptional. I would highly recommend Glenn for any occasion. He had our audience falling out of their chairs with laughter!"

*Karen Fowler, Convention Chairman
Georgia Transportation Association*

"I can honestly say I haven't seen so many smiles on so many faces during the entire duration of your comedy magic act. Also, you have a "sixth sense" in reading the crowd and determining which person fits which trick the best."

*Jim Mayfield, Vice President
Cleveland Bank and Trust*

"What a fun-filled presentation! Everyone enjoyed it tremendously. As a matter of fact, on the way back to the office, I heard someone say, "It's good to start the day off with a laugh!"

*Bill D'Andrea - Sr. Associate Athletic Director
Clemson University*

"WOW! What a show!! Everyone is still raving about how great and funny your show was. This was the second time I had seen you perform and I laughed harder and longer. I was laughing so hard I was crying. We assigned you the "Warm-up" spot in a two part show--boy, did we ever make a mistake--you were the class act and the head liner."

*Ken Couch, RPh, Past President
South Carolina Pharmacy Association*
