

Typical Testimonials for Joe Tye and Values Coach

“We can’t thank you enough for the energy and information you brought to our staff meetings and to leadership team retreat. It was a thrill to hear our (slightly fraying!) employees laugh and cheer again.”

Linda Shearer, Director of Patient Services, Immanuel Lutheran Corporation

“The Twelve Core Action Values has been an important complement to Griffin’s patient-centered philosophy of care... and has been one of the factors earning Griffin a place on *Fortune* magazine’s roster of America’s 100 best companies to work for each of the past 9 years. But more important in my view has been the influence that our commitment to *The Twelve Core Action Values* has had on individual employees. I’ve heard from many of our people who, as a result of this training, have made impressive personal changes.”

Patrick Charmel, President and CEO, Griffin Hospital

“Just what the doctor ordered. After the first session, word spread like wildfire throughout the hospital. Although attendance was voluntary, more than 90-percent of staff on duty that day participated. When I asked what we should do to celebrate Hospital Week, the response was overwhelming: bring back Joe Tye!”

Todd Linden, President and CEO, Grinnell Regional Medical Center

“When I book a speaker, I always hope they will either inspire, educate, or motivate. You did all three. And you did it with such ease — the mark of a true professional.”

Deb Curtis, Corporate Speaker Coordinator, The Principal Financial Group

“Thank you so much for agreeing to talk to our sales staff. After I got back to my office, you would have thought I doubled their commissions... You are a master of your craft.”

Thomas J. Bender, Vice President, Coldwell Banker Anderson
