

Dear Mr David,

It was indeed a honour to have you in our campus. It was our humble effort to extend our hospitality.

Your thoughts, insights have really given the budding Managers food for thought. What I personally appreciated was your simplicity, and humbleness. Academically interesting part was, I know at least two, students who are pursuing their doctoral research in the area that you presented today. I may not be wrong if I say that the world has become a global village as people's thinking/ interest in managerial functions are almost same across geographical boundaries.

We are looking forward to a long lasting association. Requesting you to make it a point revisit our campus on you every visit to India.

With regards
Dr. Amod Markale
