Dear Byrd:

I just had to write you a quick note to express our great appreciation for your contribution to the success of the recent 2009 Frame Building Expo event at the Opryland in Nashville, TN.

To say that your presentations (as there were two of them), were the highlights of the event, would not be doing them – and you – justice. Both sessions were nothing short of tremendous! Never before have I had so many attendees approach me after hearing a speaker asking if the presentation would be available on video following the show. Your sessions were rated the #1 attraction and received the highest marks available on our evaluation survey.

You sure know how to make an association executive look good. Thanks again for making our 2009 event the tremendous success that it was. Even with the economy sagging currently, our record number of attendees returned home with renewed energy and enthusiasm for the coming year. Best yet, they went away armed with new tools that I'm certain are going to enable them to reach new heights in their individual businesses.

I would say this...if a company or group is looking for a way to energize their event, stimulate their people and have them begging for more, they can do no better than calling on Byrd Baggett. We look forward to having you back again and again.

Sincerely,

James T. Knight
President
