Dear Donna:

On behalf of the Montana Traffic Education Association, I would like to commend Mack Dryden for his presentation at our recent state conference of close to two-hundred driver educators. He did a great job for us by first of all getting to know our leadership and organization before presenting to our conference attendees.

As the keynote speaker to our conference, Mack was able to use his experiences in both a humorous and motivating way. He was both entertaining and challenging. Please pass on to Mack our appreciation for his efforts.

Sincerely,

A handwritten signature in black ink that reads "Jim Carroll".

Jim Carroll,
Executive Secretary
