"I have heard many 'motivational' speakers during the past 36 years, but none have left me with such a sense of uplift, happiness, and everything is going to be 'great' as Tony Brigmon."

*Lew Butterfield

"I have brought in speakers from Dr. Steven Covey to Dr. Bob Arnot from CBS News, and Tony Brigmon's program, by far, has been the most talked about and remembered!"

*Robin G. Williams
St. Luke's Hospital*

"Tony's delivery was both captivating and on target in reinforcing key themes of our Customer Service program launch. His humor, timing and delivery put him on par with the very best of entertainers, but it is the underlying messaging of sound principles that put him in a class above other presenters on the professional speaking circuit."

*Martin Babinec, CEO/Founder
TriNet Group*
