Dear Teresa:

On behalf of the Shreveport Women's Commission let me take this opportunity to say thank you again for being our honored guest speaker for the 16th Annual "Celebration of Women Week" Kick-off Breakfast held in the Schumpert Hospital auditorium.

Not only was your topic very timely, lively and entertaining, but I personally believe that each and every one of us in the audience could relate to most everything you said. At least I know I could. We received many rave reviews.

It is always so rewarding to hear someone of your caliber speak. And to know that you are actually "one of our own" and located right here in our own community is fabulous. As your slogan says you are truly "The Lagniappe Lady".

Again, THANK YOU.

Very Truly,

Wanda Wright, President
