

TESTIMONIAL

The Best Thing about a Vicki Hitzges speech is what it says about you.

"The time flew by -- it felt like we were there for one hour -- certainly not three.

You addressed all the issues you and I had discussed in a thoughtful, flowing way -- from internal customer service to external customer service to first impressions. I especially liked the part about company loyalty because I think that how employees feel about their company has a huge impact on how they treat one another and the company's customers.

From my experience, your high-energy style and your ability to tailor your presentations to a specific audience are rare qualities in motivational business speakers."
