Dear Lt Col Sweeney *Kevin*

On behalf of the Air Force Academy's Cadet Wing and the Center for Character Development, thank you for serving as a speaker during the Spring 2006 Falcon Heritage Forum, "Heroes of DESERT SHIELD and DESERT STORM."

In the forum's tenth anniversary year, you played a significant role in making this important character event memorable and inspiring for all cadets. The experiences you shared from the first Gulf War demonstrate the patriotism and professionalism of our armed forces. Strong, positive role models for these young men and women have a tremendous impact on their development as future Air Force officers.

The values you stand for are the same high ideals we strive to develop and internalize in all our cadets. Please accept our heartfelt "Thank You!" You have made a difference and inspired all who heard your words to strive for that greater good that lies within! Again, thank
you!

Sincerely

Susan Y. Desjardins
