The "Corporate Comedy" Speaker Series

(Continued on other side)

THE "CORPORATE COMEDY" SPEAKING SERIES

The "Corporate Comedy" Speaking Series is a hilarious satire and parody of business, sports, motivational, and keynote speeches, all custom written, researched and performed for you, at your next meeting or event.

They are designed to liven up any corporate audience or business gathering. Business doesn't always have to be so serious! Does it? Of course not!

There are Six basic products, all designed to fit into the existing themes or goals of your next meeting. They include:

1. THE CORPORATE IMPOSTER or EXPERT SPEAKER.

(Run Time: 45 Minutes)

A clever satire program and a one-man show. Your distinguished Guest Speaker is an Expert and noted authority (or government official) on whatever subject or topic you select. He speaks at length & with great "expertise" on the topic of the day, with some "behind the scenes" assistance from your meeting or event planner!

As The Expert goes through his prepared material, the subject, as well as the speaker, slowly become more and more outrageous, misinformed, ridiculous and well... absolutely hilarious.

The Expert program can include some funny and relevant audio / visual presentation materials (i.e. charts, graphs, displays, slides, photos, video) to enhance the impact of lecture, as well as the Speaker's initial credibility.

The more the Expert speaks, the more obvious it becomes, that he is faking it. The laughs build slowly, as the tension is released, and he executes a huge practical joke on everyone in the room. It is a lot of fun for all!

The Expert lecture, like all other programs, can include some funny TOP TEN LISTS that are customized to your particular group or function - that list 10 funny reasons, items, or facts that are suitable to the topic, the specific people and the group at hand.

The Top Ten Presentation can be followed by an equally funny AUDIENCE Q & A EXCHANGE. Your Expert comically answers pre-planted and ad-lib questions from the crowd, and does his best to keep some semblance of dignity, decorum and a professional demeanor.

The Expert lecture and all the Corporate Comedy Programs are very funny and memorable, and will have your group smiling and laughing for the rest of the night. It's a great laugh-filled diversion, one that fits easily into any business, corporate or group meeting agenda.

2. THE "QUESTIONABLE ACHIEVEMENT" COMPANY AWARDS PROGRAM.

(Run Time: 30 Minutes).

This is a great program for any size corporate meeting. It's a hilarious presentational format of awards, and recognition for all your employees "Questionable Achievements" and foul ups for the past year. i.e.,

This year's nominees for "The most ridiculous expense report, turned in by an employee who rarely makes a sale..." The nominees are... etc., etc.

How about the Questionable Achievement Award for the "Best Excuse for Being Late to Work?"

The "Questionable Achievement" Awards are not only a lot of laughs, they are a great way to spread recognition to all in attendance, and it's a huge morale booster.

3. THE "UNMOTIVATIONAL" SPEAKER.

Run Time: 45 Minutes.)

Picture a sad-looking keynote speaker, who starts off with a very legitimate "motivational speaker and author" introduction, yet slowly reveals he has no confidence, low self-esteem and an obvious drinking problem. This "character" lectures your group for 45 minutes on "The 7 Secrets of Procrastination," the "8 Key Concepts of Poor Communication," and "how to fail!" Just imagine your entire audience, repeating the key phrase "I'll just do it later!" If you can picture this hilarious scenario, you then have the right idea behind the "Un-Motivational Speaker" keynote speech.

The "Un-Motivational Speaker" lecture is parody of the Motivational or Inspirational speaker format. Your group will really appreciate the clever turn on the tired old - "I did it - and you can too!" theme, they have sat through so many times before.

You will never see a motivational speech like the one noted author "Dr. Russell Roy" delivers to your audience. In fact, the only thing this guy motivates, is for you and your group - to laugh out loud and keep on smiling - throughout this clever motivational / inspirational lecture - on his business and personal failures - and overcoming the fear of failure.

The key message is "don't be afraid to try" - and it will delight and uplift your group!

4. THE "SPORTS PRO" SPEAKER.

(Run Time: 45 Minutes.)

Like the Expert Speaker, but this Pro (who is introduced as a current or ex athlete, high profile Coach or Sports Celebrity), will talk to your group, on some aspect of the sports topic for the day.

He shares his ignorance and incompetence with your group, as he reminisces about his questionable career and qualifications, and gives you tips and helpful hints on the game, as he reveals his inside stories on the sport and its famous players.

After the lecture, our sports personality is ready to answer the hard and biting pre-planted questions in a very funny Audience Q & A Exchange.

The "Sports Pro" Speaker is a great Comedy Program for any sports weekend, golf tournament, or banquet event.

5. THE "STATE OF THE COMPANY" ADDRESS.

(Run Time: 60 Minutes.)

This program is one of the funniest Annual Reports you'll ever see or hear - as we visually and audibly show you the "real" state of your company - where you are, where you've been, and where you're going.

The basic format for this program is a standard lecture style presentation, much like a "Year End" or "Start of the Year" communication piece from a top executive or government official. It's a sure-fire guarantee for laughs, for any business, association, or group function, large or small.

The "State of the Company" is a very funny program for a stockholders or investors meeting - whether you need a comedic diversion or not.

Each "State of the Company" program includes a variety of very funny and dubious photos, facts and predictions for the company's future. It will have your people roaring with laughter by noting and critiquing various key (and not so key) personnel's achievements and failures, in a hilarious business style presentation.

6. THE "HISTORY OF OUR COMPANY" PRESENTATION.

(Run Time: 45 Minutes)

This narrated program is very similar to the State of the Company lecture, but this particular program concentrates on the history of your company, industry or profession.

The History of our Company presentation, uses exaggerated historical and biographical facts and photos, to highlight the history of your company (or industry, or profession) from its inception, to the present day.

In addition, a "Testimonial Roast" of the actual company, it examines and critiques various past and present personnel, and denotes their contributions or detractions to the success of the firm, in this hilarious and punch-line riddled, yet tasteful comic presentation.
