David Carey & Associates

Dear Dave;

Just a quick note to tell you that your presentation to our worldwide sales force was very well received. I cannot recall a presentation, which generated more discussion in my twenty plus years with Solar Turbines Incorporated. The comments were very positive and the source of an opportunity to discuss teaming and overcoming adversity, etc.

I was pleased to see your ability to incorporate some of our ideas and issues into your "lesson-learned" and "connections". Those tidbits, which demonstrated your listening and preparation, insured that our people saw you as presenting ideas in a true life story form which they could apply to their everyday work problems. I believe we accomplished our goals with your presentation

Again, my thanks for an enlightening and worthwhile presentation, and my best wishes for your continued success in the future. Please feel free to use both Solar Turbines Incorporated and myself as references. I will be looking for additional opportunities to utilize your capabilities in the future. Please stay in touch!

Sincerely,
