Subject: You Are GREAT!

I wanted to thank you for such a terrific presentation in Dallas on May 31. I did not have an opportunity to speak to you immediately after the presentation, but I wanted to say that you caused me to consider LOTS of things....It is difficult to accept that choices have consequences but they do. You did a very good job of allowing me to evaluate my circumstances in a parallel with your POW experience. I have a real easy job in evaluating others.....but problems with me!

Thanks so much for the thoughts and I appreciate your presentation.
